- Crisis Management
- Project Management

EXPERIENCE

WEB DEVELOPER IN TRAINING | CareerFoundry | July 2022-April 2023

• MYFLIX APP

- Developed a NoSQL database using MongoDB for a movie streaming application.
- Built a REST API using Node.js and Express, integrating Mongoose for database interactions.
- Tested API endpoints with Postman, created comprehensive documentation and deployed the API on Heroku.
- Designed a responsive, single-page front-end application using React.

• MEET APP

- Created a progressive web app (PWA) with React to display event lists and data charts, utilizing the Google Calendar API.
- Translated user stories into test scenarios for unit and integration testing (Jest), acceptance testing (Cucumber), and end-to-end testing (Puppeteer).
- Implemented serverless functions using AWS Lambda for user authentication and authorization (OAuth).

• CHAT APP

- Developed a cross-platform mobile chat app for Android and iOS using React Native and Expo.
- Enabled users to chat, and share photos, and locations within the application.
- Set up a Firebase database to store user messages, photos, and location data.

DESIGN ASSISTANT | API Draper | January 2018-March 2020

- Collaborated with the Lead Designer to translate client design visions into reality by sourcing products and preparing materials for production.
- Assisted clients in visualizing design solutions tailored to their preferences, space constraints, and budget requirements.
- Created functional, safe, and visually appealing spaces through careful assessment of space requirements, optimal furniture placement, and selection of decorative items.

MOBILE SPRAY TAN ARTIST | Self-Employed | June 2010-Present

EDUCATION & CERTIFICATIONS

FULL-STACK WEB DEVELOPER | CAREERFOUNDRY

July 2022-April 2023
