- Organization
- Time Management
- Problem Solving
- Prioritization Abilities
- Crisis Management
- Project Management

EXPERIENCE

WEB DEVELOPER IN TRAINING | Career Foundry | July 2022-February 2023

• MYFLIX APP

- Created a NoSQL database using MongoDB.
- Built a REST API with Node.js and Express, using Mongoose to interact with the database.
- Tested the API endpoints with Postman, wrote clean documentation, and deployed the API using Heroku.
- Developed a single-page, responsive front-end application using React.

• MEET APP

- Developed a PWA using React to display a list of events and charts showing the events data using a Google Calendar API.
- Translated user stories into scenarios for unit and integration testing (Jest), acceptance testing (Cucumber), and end-to-end testing (Puppeteer).
- Implemented serverless functions (AWS Lambda) to authenticate and authorize users. (OAuth)

DESIGN ASSISTANT | API Draper | January 2018-March 2020

- Collaborated with Lead Designer to bring clients design visions to life by sourcing products and preparing materials for production.
- Helped clients visualize design solutions that aligned with their taste, space, and budget.
- Created functional, safe, and aesthetically pleasing spaces by assessing space requirements, determining optimal placement, and selecting decorative items.

MOBILE SPRAY TAN ARTIST | Self-Employed | February 2010-Present
